

Voluntary Assisted Dying

Position Statement

As a Catholic based organisation, we value and respect human life. We believe that high quality care including palliative care is fundamental to a purposeful life. It is our position that the provision of end-of-life care and palliative care are the best options to allow freedom of choice, comfort, dignity and respect as a person nears end-of-life.

It is for these reasons that Voluntary Assisted Dying is not part of the Ozcare approach to end-of-life care and will not be offered by us at any of our homes, facilities or services.
